### About Brian

Brian Gallagher has been involved in the development of investment products and the service of customers, providing dynamic solutions since 1985. He started his career with a special interest in agricultural and equity index products and their users. His experience found him developing successful service models first for the Individual and subsequently for various bank, multi-manager trust companies, CTA and hedge fund clientele. Previous experience at The Atlantic Corporation, Barnes and Company, Prudential Securities and Smith Barney/Citigroup have expanded his organizational skills and product knowledge to better recognize and serve a wide variety of your needs.

Brian has worked alongside his present MF Global team of Alberto Moreno, Tedd Muersch and Chris Langan since the late 1980s. Together this team brings innovative execution, clearing and technology solutions with 24/7 service coverage. Brian graduated from Southern Illinois University with a BA/BS in Political Science and Speech Communication. His education includes Series 3, 7, and 63 registrations. He has also studied Business Culture and Psychology with Keith Cunningham, a world-renowned businessman, mentor and teacher. Brian enjoys customizing service specific to the individual customer's requests.
